SUMMARY

My name's Amir and I'm a Software Engineer from Kazakhstan.
I'm very passionate about technologies and web development in particular.
As a recent graduate I'm willing to learn more and grow as a professional.
I've had several relevant internships that helped me to feel confident about my skills.
Besides programming skills, I've gained a lot of side skills such as Design, Software Documentation.
I'm currently looking for a position that would allow me to learn and grow more,
to bring values and results.
I will put every effort for the benefit of your company.
